IN THE SPECIFICATION:

Please replace the paragraph beginning on page 3, line 16 with the following rewritten paragraph:

--In United States Patent No. 5,118,299, issued to Burns et al, on June 2, 1992, for CONE ELECTRICAL CONTACT, an electrical interconnection is shown featuring two detachable surfaces having intermeshing cone projections. The cones enhance ohmic contact by intermeshing and wiping.

Please replace the paragraph beginning on page 6, line 1 with the following rewritten paragraph:

_____FIGURE 1 illustrates a side view of the edge of the solder boundary of a prior art metallic pad.

REMARKS

The above-identified patent application is a divisional application of parent case, Serial No. 09/430,965, filed
